ALL READY AT LEXINGTON

EVERY ANTICIPATION POINTING TO AN EXCEPTIONALLY INTERESTING MEETING.

Track Now in Admirable Condition for Making Fast Time—Bulse Works a Satisfactory Mile—Other Speedy Training Gallops.

Lexington, Ky., April 25.—What is expected to be the greatest season of racing that Kentucky, abiding place of a people who cherish the wholesome and exhilarating sport, is to be inaugurated at the historic course of the Kentucky Association on Thursday afternoon.

To say that the greatest racing in the state's history is in prospect, might to some persons seem a hackneyed expression, somewhat stereotyped, or merely annual spring time "boost," but it really is true. There was never in any other year so many really good prospective race horses stabled at the tracks in this state and, it is doubtful, if racing has presented a better collection of thoroughbreds than the nearly 1,500 that are quartered at Lexington, Louisville and Latonia.

The cream of those that are ready for racing have been sent to Lexington and will participate in the stakes and purses that are to make turf history during the twelve days of the meeting so soon to be inaugurated here under the auspices of the country's oldest association.

From year to year improvements have been made in the plant until it is so highly pleasing to the eye as to incite expressions of admiration from the lips of visitors and even from the horsemen who have been coming in from other points for the past several days.

Superintendent James P. Ross, in addition to having everything looking spick and span, has the track lightning fast. He kept it under a covering of straw all winter and the result is that it is as lively as a stretch of rubber and is at the same time well cushioned.

Secretary Garrett D. Wilson and racing secretary William H. Shelley have everything ready in the executive and administrative departments and, judging from the calibre of the horses and the conditions set down in the program book, contests here are bound to be thrilling in the extreme.

Capt. Thomas J. Clay will be presiding steward and Harry Morrissey, as usual, will do the starting.

President J. N. Camden, much improved by his sojourn at Hot Springs, says he hopes to be at the course each day. On May 6 the Camden Handicap, which he instituted in 1910 and to which he annually contributes a handsome cup will be run. Governor A. O. Stanley and his staff and all of the heads of the departments of the state administration and other members of the State Racing Commission will be his guests at the races. In the evening the newly organized Kentucky Thoroughbred Horse Association will entertain these visitors with a dinner at the Phoenix Hotel at which Judge Charles Kerr will be toastmaster and several interesting addresses will be made by prominent men, including Governor Stanley.

All horses that are to make the racing have arrived here with the exception of a few, including a division of the John Sanford string, which will come over from Louisville tomorrow in charge of Preston Burch.

Trainer George H. Strate arrived today with eight of the Nevada Stock Farm string, among them being Celesta, Star Shooter, Scarlet Oaks, Mary Jay, Washoe Belle, Polistena, Fancy Feathers and Triolee.

J. W. Fuller's horses from Wills Point, Texas, came in with Dan Stuart in charge. The seven horses in this string are: Beautiful Girl, Dorothy Dean, Injury, Tokay, Ardent, Faint and Lynn.

Julius Reeder, who assisted in the offices at New Orleans and Hot Springs and will be secretary Shelley's aid.

Gene Elrod arrived last night and all of his crew from the pari-mutuel offices will be in tomorrow. Everything in his department as usual is ship shape.

The best move over a remarkably fast track this morning was made by Bulse. He worked a mile in 11⅕, 23, 35⅕, 48⅕, 1:00⅘, 1:13⅗, 1:26⅗, 1:40⅗. Trainer Young was satisfied with his work.

T. C. McDowell's Checks worked three-quarters in 1:13⅗, and his stablemate, Waterblossom, three-quarters in 1:14.

McDowell's Camden Handicap candidate, Star Jasmine, covered a mile in 1:40⅗ handily.

AMATEUR SEASON TO OPEN SATURDAY.

New York, April 25.—"Boots and saddles" will be sounded next Saturday at Hewlett Bay Park, L. I., for the first time around New York this year. The occasion will be the annual hunter and pony races of the Rockaway Hunting Club, which will be conducted as a two-day affair, with the second day's events on the following Saturday.

In many ways the meeting is bound to be notable. It will usher in thoroughbred racing in the north, will mark the beginning of the amateur season in this country and will be the first outdoor social event in this vicinity. A number of imported horses sent here because of the disturbed conditions in Europe will run in the various events, thereby increasing the element of uncertainty.

Nearly 100 entries have been made for the two days of racing. Last year there were forty-seven and the preceding year forty-one, the event lasting only one day on those occasions. The few flat races scheduled have attracted only about the same number of nominations as before. The increase is entirely in the steeplechase and hunter contests.

There was a marked revival of amateur racing in Pennsylvania and Virginia last season. The participation in the Rockaway meeting of several prominent men from those states shows that they are reaching out for national honors.

The running of Foxhall P. Keene's Toreador, the stout-hearted son of Beau Gallant, winner of the Rockaway Cup last year, will be watched with great interest. At least one other horse will carry the famous colors, white with blue dots, of this veteran sportsman, polo player, automobile race driver and gentleman rider.

Because of the prominence of the Rockaway Hunting Club its annual race meetings attract large and brilliant attendances. This organization has been conducting racing since 1881. The amateur character if its meeting is most pronounced. All but one race on each day of the two days is limited to gentlemen riders. William A. Hazard is president of the club; H. Hobart Porter, vice-president; Newbolt T. Lawrence, secretary, and Frederick H. Hatch, treasurer. The race committee is John G. Livingston, chairman; Carlton Macy, John Tucker, Franklin B. Voss and John Howes Burton.

Six races are on the program for each of the two days, three being steeplechases, one for hunters over the post and rails course and two on the flat. The general excellence of the course at Hewlett Bay Park, from the standpoint of both participants and spectators, has much to do with the popularity of the races of the Rockaway Hunting Club. The courses are laid out over natural hunting country and are grass sod all the way. The grandstand and parking spaces are located on a hillside and command a fine view of practically the entire course. For a background there is Hewlett Bay and the broad Atlantic beyond. It would be hard to find a more appropriate setting for stirring sport and a brilliant attendance.

Following are the weights for the Cedarhurst Steeplechase Cup, two miles, to be run Saturday:

Abdon, 145; imported Ben Wyvis, 148; Burgrude, 130; Belle of Bryn Mawr, 138; Cherry Malotte, 158; Cresthill, 135; Dixon Park, 137; Fashion Wing, 134; My King, 130; imported Neunpakr, 143; Otto Floto, 133; Overseer, 133; imported Primbutton, 138; Royal Amber, 148; Numa Red, 141.

Two hundred and seventy entries of thoroughbred horses, owned by upward of two score prominent Americans, have been received for the annual spring two-day meeting of the United Hunts Racing Association to be held at Belmont Park Terminal on May 13 and 17. This is by a wide margin the largest number of entries ever received for an amateur race meeting in this country, and has been rarely exceeded in the history of American thoroughbred racing.

The excellent two-day race meeting conducted by the United Hunts Racing Association last fall only received eighty-six entries, while the total for last spring's meet did not reach that figure. There are thirteen events on the two-day program for Belmont Park Terminal and this gives an average entry for each race of twenty-one.

Several championship races are included among the thirteen events on the card. A total of $13,500 in cash purses, in addition to handsome plate, has been apportioned among the different events, which include steeplechases over the brush course, races for hunters over post and rails, and races on the flat. Two races each day are to be limited to gentlemen riders and, to encourage their participation in all of the events, the amateurs are allowed a five-pound handicap in the other races.

HORSES GATHERING AT PIMLICO.

Baltimore, Md., April 25.—Preparations for the approaching meeting of the Maryland Jockey Club at Pimlico, May 1-17, have practically been completed. The track has been thoroughly harrowed, and is now in excellent condition. The steeplechase course has been rolled, and, with fresh brush on the jumps, will be ready for schooling this week.

The grounds and buildings have been overhauled, and the clubhouse will be opened on Thursday for the reception of guests under the management of M. A. Dazier. Some of those who have applied for rooms are E. F. Whitney, Charles R. Fleischmann, and T. J. Healey, who will bring down a large contingent of the R. T. Wilson stable. Among the horses in the Wilson string are Naushon, which has been schooled for steeplechasing; Montresor, Wizard, Tartar, Tralee, Firing Line, Hambala, Night Owl, Straight Forward, Trentino and Blue Ballot. Much interest is taken in the first appearance of the get of Olambala.

The Garths, father and son, have about twenty horses in their barn, among them the steeplechasers Bonny Laddie, Exton and Fakir, that Lewis Garth is handling for E. B. McLean. With the Ral Parr jumpers, Shannon River and Ballybay, to say nothing of others of lesser note, the "sage of Albemarle" should hold his own in this branch of the sport.

At the track are the Glen Riddle Farm horses, about fifteen strong, that wintered at Berlin, on the eastern shore of Maryland, where S. D. Riddle has purchased a farm. Under the care of John F. Yarnall, the veteran Pons Asinorum, Cactus Bud and J. C. Ewalt, spent the winter in fine shape and with a half dozen or more imported jumpers as companions, the Philadelphia sportsman should have a profitable season.

Another recent arrival is J. Howard Lewis with the J. E. Widener horses, while G. R. Tompkins arrived ten days ago from Warrenton, with Weldship, Juverance, March Court and several green ones belonging to various owners.

Stables already at Pimlico, in additional to the above, include those of R. J. Walden, W. F. Presgrave, Thomas Clyde, James McLaughlin, E. J. Albright, G. B. Fenwick, F. Ambrose Clark, James Arthur, H. Rites and Edward F. Whitney. From Aiken the stables of Thomas Hitchcock and T. J. Donohue are due to arrive Tuesday.

SOME BITS OF NEW YORK GOSSIP.

New York, April 25.—Price McKinney, who with James Corrigan owns the Wickliffe Stable, is visiting here. In speaking of his extensive stable now in Kentucky, he said that several of the horses had been affected with influenza, their temperatures at times reaching 106 degrees.

"The strangeness of the infection was in the fact that not a single horse went off his feed and, after a few days entirely recovered," said Mr. McKinney. "Ours was not the only stable affected. I suppose it was a sort of la grippe and it does not seem to have left any bad effects, though it put the horses back in their work for a few days." Referring to the coming Kentucky Derby, Mr. McKinney said he had heard excellent reports of Bulse, intimating that it would take a mighty good horse to beat him.

Mattie Corbett, owner of the good mare Coquette, says she is doing finely and has picked up about 150 pounds in weight since last autumn. Many breeders are anxious to buy her for a broodmare after her racing career is over.

RETURNS OF RACING FROM NORTH AMERICAN TRACKS IN THE COURSE OF A CONSIDERABLE NUMBER OF YEARS

That racing in a purely business sense is an affair of great magnitude and importance to a large section of the people of North America is amply demonstrated by the fact that in the years from 1905 to 1915, inclusive, the huge sum of $40,278,318 has been earned for owners by their horses on the tracks of the United States, Canada, Cuba and Mexico. Leaving out the three prosperous years 1905-'06 and '07, the succession of leaner years since have produced the considerable aggregate of $23,880,826. Although in two of those years combined the New York tracks only produced $41,190, their returns for the other years have been so generous that the Empire State is still credited with leading in the United States, Kentucky being second, Maryland third and California fourth. The sorry figure cut by the once great racing states of Illinois and Missouri is highly illustrative of the misfortunes that have befallen a noble sport in a brief number of years. There is much food for reflection in the following tables, which show the returns by states since 1907 and for all of North America since 1904:

OWNERS IN AN UPRISING

DEMAND INCREASE OF HAVRE DE GRACE PURSES OR WILL NOT RACE.

Phil Ungar Wins the Newark Selling Stakes with Ease—Squeeler Captures Another Race—Track Slow from Rain.

Baltimore, Md., April 25.—A drizzling rain which began early this morning and continued throughout the day changed the track at Havre de Grace to a sloppy condition and accounted for the scratches which reduced the big card. The Newark Selling Stakes was offered as the feature race, it being a $1,000 guaranteed affair at one mile and seventy yards for three-year-olds and over. Phil Ungar, from the stable of E. T. Zollicoffer, and a pronounced favorite with the talent, had little difficulty in winning by a wide margin over Illuminator and Brave Cunarder. Of the nine overnight entries, only four started.

The brief history of the Newark Selling Stakes, which was run for the fourth time today, is as follows:

Year.	Winner.	A.	Wt.	Jockey.	Val.	Time.
1913	D. Macdonald..	7	117	J. Wilson...	$ 675	1:48
1914	Royal Meteor...	6	111	J. Butwell..	675	1:44⅘
1915	Amalfi	7	112	J. McCahey.	675	1:44⅗
1916	Phil Ungar.....	3	101	T. Par'ton..	675	1:47

A race that resulted in a much better contest was a handicap at a sprinting distance in which Edward McBride's good gelding Squeeler was returned winner in a hard drive with the fast gaining Slumber II. This marked Squeeler's second victory of the meeting.

Despite the change in weather conditions, a good-sized crowd journeyed over from the neighboring cities to witness the sport. Form followers had a good line on the mud running merits of the different starters and well-backed horses were in the main successful. Cross-country enthusiasts were catered to by a race over the two mile course and it resulted in the best contest of the sort since the opening, Bamboo being returned the winner over Idle Michael. All of the starters successfully covered the course.

It is just possible that the Harford Agricultural and Breeders' Association will not be able to complete its present race meeting at Havre de Grace. Some of the horsemen have threatened a strike if the purses are not raised and general manager Edward Burke has declared that he will not raise the purses. Now it remains to be seen whether the horsemen involved are strong enough or not to control the situation and induce owners generally to refuse to make entries. The position taken by Mr. Burke was, that on the request of the horsemen, the purses were raised to $500 before the meeting opened and then he says another raise to $600 was demanded on fifteen minutes' notice. He refused to make this advance when it was first demanded, for the reason that he had had no opportunity to confer with the other interested stockholders in the association.

When a second call was made on him after the running of the fourth race today, he informed the committee representing the horsemen, that there would be no change in the purses for the remainder of the meeting. When asked if he was of the opinion that the horsemen would be able to break up the meeting by refusing to enter their horses for the races, he said it was entirely possible, but that he had lived up to every contract and he would not meet any further demands.

The horsemen have organized into a union for the bettering of conditions so far as they are concerned and are beginning to make themselves felt. There was a meeting this morning, after which a committee called on general manager Edward Burke of the local club, with a request that the purses be raised to $600. William Garth was the spokesman for the committee and he said it was the desire of the horsemen to work in harmony with the association, but that the price of feed, as well as the other expenses incurred in the handling of a racing stable, are so much heavier than ever before, that there must be a raise of the purse money to make the sport profitable. As a reflection of the ideas of the horsemen, it is noteworthy that for the racing tomorrow there are only thirty-four horses named in the six races that are offered.

The horsemen will hold another meeting tomorrow morning and it is threatened that if the demands of the union are not met by the association the few horses that have been entered will be withdrawn leaving the association without a program. Some of the horsemen were for scratching today, but this was overruled on the plea that it would not be fair to the public, but is is doubtful if entries will be made in sufficient numbers to continue the meeting, unless the association makes a radical change in its purse money policy.

The committee handling the affairs of the horsemen is composed of William Garth, Emil Herz, James Arthur, H. G. Bedwell, Richard F. Carman and E. W. McBride. With few exceptions, the horsemen here are members of the association that has been formed. There will be a meeting held in Baltimore within a few days, when the names will be sent to Kentucky, so that the eastern association may be affiliated with the organization that has been formed in that state.

Eugene Lutz, who has jockey Dodd here, received news today of the death of his mother in Philadelphia.

W. T. Anderson said today that Renard had been so badly injured by a kick received from Sea Beach in the last race yesterday that she will not be seen at the races for several weeks. An artery was severed by the kick, but fortunately there is no evidence of an injury to the joint. She was kicked on the inside of the hock.

A. McL. Earlocker, racing secretary of the Saratoga Association and the Westchester Racing Association, came over to Havre de Grace today on a business trip to consult with Fred Rehberger. Mr. Earlocker's mother is seriously ill in Philadelphia and he left tonight to visit her.

DELORIMIER RACING ON USUAL DATES.

Montreal, Que., April 25.—Manager Roy Irving, of the Montreal Driving Club, has just returned from a trip to Hot Springs and Houston, Texas. On his arrival he stated that the Montreal Driving Club would race on the dates originally claimed by them from Saturday, May 20, to and including Saturday, May 27, at Delorimier Park. "These dates have been claimed by the Montreal Driving Club for many years," said Manager Irving, "and, as Dorval was allotted dates by the Canadian Racing Associations, we had our printing done to suit the dates claimed and cannot make a change."

The program for the first two days has been distributed, while the races for the remaining five days will be made up to suit the horses at the course.

There will be seven or more races each day, with no purse of a value less than $300. Charles Campeau, who is racing secretary and presiding judge, will be here next Monday.

This decision of the Delorimier management will bring the Dorval meeting into conflict on its opening day both with the Delorimier and Woodbine tracks.

GEORGE SMITH GROWING IN DERBY FAVOR.

Macomber Trio Also Picking Up a Following—Only a Few Derby Gallops Yesterday.

Louisville, Ky., April 25.—Every day that passes makes new friends for at least four of the Derby candidates in training at Churchill Downs. Two or more of these are sure to be contenders in the race. The four alluded to are John Sanford's George Smith and A. K. Macomber's trio of imported colts, Star Hawk, The Cock and Hesperus. Which ever one of the three latter is regarded as the best by trainer Walter Jennings is sure to have a good following when saddled for the Derby next Saturday two weeks.

As to George Smith, he looms up more and more as a probable winner of the big race. His work impresses the average good judge of Derby candidates of his greatness as a three-year-old and, that the stable has the utmost confidence in his Derby chances, is best proven by the fact that he will go to Lexington to run in the Camden Handicap against older horses, which is set to be decided on Saturday, May 6, a week before the Derby date. While he will thus, by running in the Camden Handicap, have the advantage of having a race before the Derby is decided it is not likely that his skillful trainer would even start him in such a race unless he thought his winning chance there was of the best. The colt gets in the Camden Handicap at 106 pounds and the winning of that race will not penalize him in his Derby engagement. The distance of the Camden is one mile and a quarter, the same as the Derby route.

George Smith, apparently, has a phenomenal turn of speed and there never was a horse with the superb action that he possesses which could not stay a Derby route. The idea of his being a non-stayer comes from the fact that he is a brother to the speedy sprinter Theresa Gill, which mare could not race over three-quarters in winning style. It must be borne in mind, however, that Theresa Gill was diminutive in size and had she been of the same mould as her great brother she would probably have gone any distance creditably. One thing is sure none of the eligibles to the big race are training to suit good judges better than this son of Out of Reach and, if he meets with no mishap from now on in his Derby preparation, it will take a mighty three-year-old to lower his colors.

Not a morning now does president Charles F. Grainger miss in coming to the Downs to see the work of the Derby horses quartered there. He has lately taken a great fancy to Star Hawk and this is an exceedingly good recommendation for this English-bred colt, as Mr. Grainger is a particularly good judge of a high-class horse. With some horsemen Hesperus of the Macomber string is the best liked, and he certainly is a fine colt with an abundance of size and quality. All the Macomber horses, in fact, look exceedingly good and the big band of two-year-olds trainer Jennings has in his charge bear all the earmarks of good racing prospects, with the chance of several that will shine greatly in the big kindergarten races during the present racing season. Jennings is going slow with all his two-year-olds, but from now on he will probably send several of the band rapidly along and cut into racing with them before the meeting at the Downs comes to a close. He has three of the number entered in the Hinata Stakes at Lexington, which will be run on Tuesday, May 2, they being the fillies Pleiades, Sunbonnet and Kick In. The latter is appropriately named, as her dam is the mare Money Down. The same also applies to the other two which are entered in this stake, as they are both by the Epsom Derby winner Sunstar. This trio are all eligible also to the Debutante Stakes Monday, May 15. Another entry this turfman has in the Debutante Stakes is Love Story, a daughter of Sunstar and Sweet Story.

Only two Kentucky Derby candidates worked today at better than a two-minute rate at Churchill Downs. These were:

Lena Misha—Mile and an eighth in 2:03⅗, under strong restraint all the way; fractions: 13, 26⅗, 38⅗, 52, 1:04⅗ 1:19⅗, 1:33⅕, 1:49. E. Dugan was up.

St. Isidore, with jockey L. Mink up—Three-quarters in 1:16, handily; fractions: 12⅕, 24⅗, 36⅕, 49⅗, 1:02⅕.

Big Smoke was once again on the track this morning and, in a slow gallop of a mile, showed comparatively little soreness. There now appears apparently to be some chance that he will yet get to the races this spring.

S. M. Henderson has bought of the Texas turfman, I. E. Clark, the four-year-old Lukemae. This now leaves trainer R. Vestal with only Bank in his charge, which horse he has now at Lexington.

W. G. Yanke has arrived here and will go to Lexington for the meeting there. The California turfman, who, at one time had a big string of horses racing in his colors, is now without a representative on the turf.

The latest good works at the Downs, aside from Derby horses, embrace the following:

Old Koenig—Three-quarters in 1:18⅗; fractions, 12⅘, 25⅗, 38, 51⅗, 1:05; worked with blinkers on and Eddie Dugan in the saddle.

Money Maker—Quarter mile in 25⅗.

Prince Hermis—Half mile in 51; is rapidly rounding to.

Ghetto Girl—Three-quarters in 1:19; half mile in 52.

Sir Charlcote—Half mile in 52⅗.

Lady Always—Mile in 1:41⅘ (worked Sunday before being shipped to Lexington); is dangerous in the Ashland Oaks to be run there on May 1.

The three horses—Egmont, Red Cloud and Joe Blair—which were raced last winter at the Juarez track by ex-jockey Phil Musgrave, have been ordered removed from the Churchill Downs track or any other Kentucky track, as Musgrave is under indefinite suspension by the Jockey Club Juarez. The El Paso turfman, Roy Martin, was on the eve of buying the three, but has held up his deal for the horses until he can ascertain whether if he was to purchase them, they would be allowed to race on the Kentucky tracks. It has generally been customary when a person is under suspension, to permit him to dispose of his horses at either bona-fide private or public sale, but this is discretionary with the officials as is illustrated in the case of H. G. Bedwell, some years ago, when that turfman was not allowed to dispose of his horses for racing purposes.

CURRENT NOTES OF THE TURF.

An Ottawa man will be appointed manager for the Connaught Park Jockey Club.

According to present arrangements the German Derby is to be run at Hamburg on June 25.

The death occurred recently in New Zealand of H. Maher, who at different periods of his career was prominent as a jockey and trainer. The best horse he ever trained was Mahutonga, which won an Auckland Cup, and ran second in a New Zealand Cup.

In the house of commons Mr. Lough asked the foreign secretary whether he could ascertain particulars showing the amount realized in the three years before the war throughout France by the tax on betting and race courses called the pari-mutuel. Lord Robert Cecil, in reply, stated that he would endeavor to obtain the particulars desired.—London Times.

Various English jockeys were prominent in their calling until they were over fifty, but in Australia riders generally drop out long before they reach that age. However, at Mudgee on Saturday the successful riders included a veteran in T. Donoghue, who won the Trial Handiacp on his own mare Tehama. Donoghue is fifty-eight years of age.—Sydney Referee of March 22.

Dean Swift, which won two City and Suburbans in England, and was placed in others, was looking so well last month that it was stated by a London sporting scribe that Mr. Joel would not have required much persuasion to put him in work again. Dean Swift is a gelding in his sixteenth year, and it is safe to say that even if Mr. Joel does talk about putting the old fellow in work again, he does not really mean it.

The English champion, Pommern, is stated to have wintered well, and in addition to having let down, has developed marked muscular power. Pommern's three-year-old sister, Pomerania, did not race last season owing to first jarring herself by jumping over some bushes on the training track, and then catching cold. She is a big filly, being 16.1, and as she has shown good speed in her work, it is anticipated she will do something good this year. Pommern's two-year-old half-sister, by Sunder, is on the small side.

The following is from the pen of a contributor to Dublin Sport: "Some short time ago an erstwhile crack jockey joined the army veterinary corps, and though he naturally possessed an immense practical knowledge of horses, he was anxious, being ambitious, to delve into some of the great veterinary authorities' masterpieces. I gladly lent him that gigantic volume, 'The Horse,' and meeting him the other night, inquired 'had he finished the book yet?' 'Finished the book,' said he, 'why, lumme, I only joined for the duration of the war, not for my bally life.' "

REPORTS FROM THE STEEPLECHASERS.

New York, April 25.—Among the owners who will take an active part in steeplechasing at the Hunt meetings this year will be F. H. Prince of Boston, who, until the outbreak of the war, spent a goodly portion of his time in France, his pack of hounds at Pau, of which he was M. F. H., providing the best sport for his friends on the continent as well as those visiting from this country.

Mr. Prince has engaged Tom McCreery to train for him and is seeking material to bring his stable up to a standard where he can be represented in all the important fixtures. One in the stable now, Fattanta, an English-bred hunter, was at Aiken this winter and came there green and for hacking purposes only. He soon showed so well and gave indications of speed so often, that it was finally decided to train him and see what he could do with the regular jumpers. The result was surprising, for on more than one occasion he outpaced and outjumped representatives of the several stables there that are rated contenders for many of the big races to be run this spring. Fattanta is now at Belmont Park and will make his debut under colors at the meeting of the Rockaway Hunting Club.

Henry W. Sage has made an addition to the string that T. J. Donohue will campaign for him. The newcomer in his stable is Ambrosine, which was recently purchased from Mrs. Ambrose Clark. This horse is with the rest of the stable at Pimlico.

G. Bernard Fenwick, Maryland's representative on the Hunts Committee of the National Steeplechase and Hunt Association, will race a string at the hunt meetings this year. Among the lot which Ben Pope, old-time steeplechase rider, is training for him are Mo, Rucker's Run, Induction, Ptolemy and Margery Jacque. All are jumpers and have been well trained under Mr. Fenwick's personal supervision at his private training grounds at Glyndon, Md.

George D. Widener, Jr., has purchased the Erdenheim Stock Farm at Chestnut Hill, near Philadelphia, and will at once begin work on transforming this famous old spot, the birthplace of many of America's most famous horses, into a modern breeding establishment. There is a mile track on the grounds, and a portion of the property is under lease to the White Marsh Valley Hunt, but no attempt will be made to change these arrangements; in fact, they probably will be encouraged to continue, as the club is active in promoting sport in that section. Mr. Widener now owns a number of choicely-bred mares, as well as the horse Garry Herrmann, but he will soon begin the collection of a really great aggregation for his new breeding venture. It is also said that the Hunt meetings which have been run at Erdenheim will be continued each year on a more pretentious scale, one of which will probably be an invitation meeting on the same plan as those given in the past by his uncle, J. E. Widener, at Lynnewood.

J. Temple Gwathmey is another of the hunt meeting followers who means to go into breeding on an extensive scale. Last fall he purchased an extensive farm at Warrenton, Va., and began on a modest scale with Sea Horse II. at the head of the establishment. He now plans a trip to England in July for the purpose of buying ten of the best mares that can be obtained. Price is not to be considered when he finds what he wants. He seeks the best, those far out of the ordinary, and is willing to pay well to get them.

A. J. A. Devereaux will sell his entire racing stable and his hunters at auction in this city on Thursday. This will mean a chance to purchase some ready-made jumpers, something hard to find at all times, and especially so this year, with the wonderful increase in the list of owners who have gone in for cross-country sport.

A. P. Humphrey, Jr., well-known gentleman rider, has arrived at Belmont Park with his four 'chasers that he made ready on his farm at Upperville, Va. He states that the horses made the trip in fair shape, despite the fact that it took them longer in the transfer from Jersey City to Belmont Park than it did to make the trip from Virginia to Jersey City. His colors will make their initial appearance at Hewlett's Bay Park next Saturday at the meeting of the Rockaway Hunting Club.

Repentant, winner of the Harbor Hill Cup in 1913, is to be raced this summer. She was generally rated best of the three-year-olds the season that she won the cup, then went amiss, and it is only within the last couple of months that she has been going soundly again. She will race in the colors of Mrs. Philip Stevenson.

The entry blanks for the spring meeting at Piping Rock have been distributed, and the list of events tendered for the two days of the meeting, June 1 and 3, is in keeping with the previous programs for the same course. The entry blank is a novelty, in away; that is, the slip for each of the races to be run has been arranged in the colors of the donor of the purse. The style of the blank, too, is novel, being made in a fashion that permits an owner to retain a complete record of the conditions of the different races and the horses entered. Entries for the Piping Rock meeting will close May 25 with Frank J. Bryan, racing secretary, 18 East Forty-first street.

Among those who have donated purses and plate for the meeting are Harry Payne Whitney, F. Ambrose Clark, Thomas Hitchcock, Edward F. Whitney, Frederick Johnson, A. Ludlow Kramer, W. R. Coe, Paul D. Cravath, H. W. Sage, Williard Straight, C. K. G. Billings, August Belmont, Harry LaMontague, C. Oliver Iselin and G. A. Coffin.

Late comers from Aiken, which has been a training ground for some forty jumpers all winter, report that Kintore, Kehtoh and Bryndor, three of the best in the stable of Thomas Hitchcock, have shown lameness that is apt to keep them on the inactive list until the fall meetings.

STYLE OF HEWLETT BAY PARK RACING.

(By Ed Cole.)

New York, April 25.—As in many European countries, the New York racing season will be preceded by amateur or rather semi-amateur racing for a few days. Next Saturday will mark the beginning of the sport hereabouts with a meeting at Hewlett Bay Park, where the Rockaway Hunting Club will stage half a dozen races of semi-amateur flavor, as there will be races for amateur riders as well as professionals. It will be a gathering of considerable social importance, for it will bring out the fashionable set of Long Island. It is a spring function in which all who are interested in the horse, and many not particularly concerned in the thoroughbred, take part and is of as much importance in society circles as the opening of the opera season.

Hewlett Bay Park has a natural race course of turf of such construction and maze-like formation that many times the horses and their riders are out of sight only to be seen again in a few moments circling out of the woods or coming from behind a hill. The grandstand is one of those temporary affairs that can be shifted if necessary to any part of the grounds. The majority of the visitors use their automobiles as a point of vantage while a race is being run. These vehicles are lined along the homestretches on both sides of the judges' stand for at least half a mile and at times afford a better view of a race than is obtainable from the grandstand enclosure. Hundreds, however, prefer to stand on the side of the hills and follow the progress of the horses on foot. While some individual wagers are made on these races speculation is less thought of than at any other meeting. The sport is the attraction and the rivalry that exists between the amateur owners and the riders is marked. It is a friendly rivalry, too, and congratulations are always forthcoming from the owners of a losing candidate, who immediately after a race will look around for the owner of the winner to congratulate him on his success and in many cases to enthuse over the fact that he possesses such a good horse.

This year the Rockaway Hunting Club will have its banner meeting, judging from the great number of entries for the various events and the new aspirants for turf honors who will take part in the affairs. The club is thirty-five years old and has held many meetings of various kinds but it was not until 1914 that special efforts were made to hold a meeting of any magnitude. This was in the lean period of racing in this state and a helping hand meant much to the sport and its future. Upon that occasion there were but few horses to race. There was a decided improvement in 1915 and this year nearly one hundred entries will be carded for the two days of racing, the second session being scheduled for May 6. The entries in the steeplechases will give some idea of what to expect in this line of sport at the larger tracks, there being an exceptionally long list of fencers billed for Hewlett Bay Park, many of them the property of owners whose names have never yet appeared on a racing program. Among the notables whose silks will be shown are Mrs. F. Ambrose Clark, Dr. E. B. Ackerman, Mr. Mortimer, L. Schiff, Mr. Leonard Jacob, Mr. Foxhall P. Peene, Mr. Robert L. Gerry, Mr. M. L. Schwartz, Mr. J. Harper Bonnell, Mr. A. Ludlow Kramer and Mr. Shelton E. Martin. It is also probable the Milltown Stable will have a starter or two in some of the races. The Milltown Stable is not a new one. On the contrary it has been in existence for many years and is the nom de course of a prominent Boston clergyman who for years has been a great advocate of the thoroughbred, not only for its racing proclivities, but for economic reasons and because of its prominence and usefulness in the animal world.

It has frequently been asserted that racing needs new blood, both in horses and men, to bring out its best results. This year will see many additions to the ranks of the turfmen. Amateur racing has been the means of introducing quite a number of aspirants for turf honors. They are not all New Yorkers. Many come from adjoining states and, while beginning their racing career with hunters and steeplecasers, it is more than probable they will extend their activities with experience, as others have done. Among those who will be seen at Hewlett Bay Park is Mr. W. J. Clothier of Philadelphia. Mr. Clothier is master of the hounds of the Pickering Hunt Club and an enthusiastic horseman. Then there are Mr. Jesse Williamson II., also of Philadelphia. Mr. R. Hunter Dulany, a member of the old Virginia family of that name; also Mr. A. P. Humphrey, Jr., of Virginia; Mr. F. H. Prince of Boston, father of Norman Prince, a member of the French aviator corps, and Mrs. Cecil Brabazon, whose aspirations are to rival Mrs. F. Ambrose Clark, Mrs. Payne Whitney and other turf notables of the fairer sex.

It is figured there are nearly fifty per cent. more jumping horses in training than heretofore. This insures large fields and incidentally greater competition. Steeplechasing is a branch of the sport that has not been earnestly encouraged by the more prominent owners in late years, but the increased values of stakes and purses now being offered will no doubt be an incentive for many owners of flat racers to include some jumpers in their strings.

KEMPION'S BRILLIANT CAREER IN INDIA.

Through the thoughtful courtesy of Mr. E. E. Conssell, secretary of the British Blood Stock Agency, Limited, Daily Racing Form is enabled to repair a deficiency in an exhibit of the earnings of the progeny of Broomstick, published last March. In a note to Daily Racing Form from London, under date of April 12, Mr. Conssell said:

"In your issue of March 21, a very interesting article about 'Broomstick's' career at the stud appeared. The writer stated he was aware that 'Kempion' had won valuable races in India, but the figures were not available. I therefore supply the omission. It will enable you to complete 'Broomstick's' record, as 'Kempion' was a very brilliant colt in India in the season of 1913-14. You will note that altogether he has won eleven races worth $34,007 in stakes. Also placed many times. This sum of course easily brings 'Broomstick's' figures over the $500,000 mark."

GENERAL NEWS NOTES OF THE DAY.

A dispatch of yesterday from London says: German battle cruisers appeared off Lowestoft today. Local naval forces engaged the raiders and also British light cruisers. The German warships retreated in twenty minutes. In the engagement two British light cruisers and a destroyer were hit, but none of them was sunk. Announcement of the appearance of the German warships was made in an official statement, as follows: At about 4:30 o'clock this morning the German battle cruiser squadron, accompanied by light cruisers and destroyers, appeared off Lowestoft. The local naval forces engaged it and in about twenty minutes it returned to Germany, chased by our light cruisers and destroyers. On shore two men, one woman and a child were killed. The material damage seems to have been insignificant, so far as is known at present. Two British light cruisers and a destroyer were hit, but none was sunk. An attack on German positions on the Belgian coast by British warships is reported in an Exchange Telegraph dispatch from Amsterdam. The bombardment is described as one of the heaviest in this region during the war. The dispatch says the following message has been received in Amsterdam from Flushing: Several British warships, accompanied by destroyers and other vessels, yesterday bombarded Zeebrugge and the German batteries off Heyst, Blankenberghe and Knocke. The bombardment was one of the heaviest since the beginning of the war and also of the longest duration. The damage done to Zeebrugge is said to have been enormous. The harbor and docks were hit several times and some ships were sunk. British aircraft also threw bombs on German batteries. Several Zeppelins visited the eastern counties last night, dropping incendiary bombs, according to the official announcement. Seventy bombs were dropped during the raid. One man was injured. Four or five Zeppelins, the official press bureau says, took part in the raid.

Another London dispatch of yesterday said: Augustine Birrel, chief secretary for Ireland, announced in the house of commons today that grave disturbances broke out in Dublin yesterday. Minister Birrell said that tweleve persons had been killed before the disturbances were quelled. Mr. Birrell declared that the rebels were in possession of four or five different parts of the city of Dublin. He also announced that four or five soldiers had been killed. Telegraphic communication with Dublin has been cut off, indicating that the principal portion of the city is held by the rebels. The Dublin general postoffice was seized by the rioters. It is an imposing stone structure situated on Sackville street, a wide boulevard. It is admirably built to serve as a fortress if properly manned by guns. Mr. Birrell made his announcement in reply to a question by Commoner Crang immediately after the assembling of the house. He said that the postoffice had been forcibly taken possession of and that telegraphic communication had been cut. In the course of the day, however, Mr. Birrell said, soldiers arrived from the Curragh, and the situation was now well in hand, although as communication still was exceedingly difficult he was not able to give any further particulars. But the house, he continued might take it from him that the situation was well in hand. The chief secretary for Ireland stated there had been arrests in Dublin, but that he could not give the names. Speaking from the information he had received he could say that twelve lives had been lost. Communication with Dublin, he said, still was very difficult. At 7 o'clock last night, Mr. Birrel said, four or five different parts of Dublin were in the possession of the rebels, but he said they did not control the whole place.

From Washington yesterday a telegram said: Renewed hope of Villa's capture arose today in army circles upon receipt of official dispatches from Consul Letcher at Chihuahua City "reliably" locating the bandit chieftain sixty miles southeast of Satevo and west of Parral. A dispatch from Columbus, New Mexico, today said: A final dash after Villa was reported to have been started by an American detachment, while the main expeditionary forces were concentrated at Namiquipa and Colonia Dublan. A column of cavalry was said to be driving swiftly toward Villa's last reported hiding place in the Chihuahua Sierras near Nonoava. No details of the movement were obtainable. Two new aeroplanes undergoing their final test at the local camp were expected to join the chase for scouting in the rough country where the bandit is believed to be resting and regathering followers. Nonoava, mentioned as the objective of the dash, is about sixty miles southeast of Satevo and almost due west from Parrel in the foothills of the Chihuahua Sierras. Confirmation of the dispatch was given by Gen. Tasker H. Bliss, acting chief of staff. He said troops undoubtedly would be dispatched to the Nonoava region on the strength of such reports of Villa's whereabouts. Officers upon hearing of the reports from the border and from Consul Letcher, pointed out that if they prove true, it indicates Villa has stopped his dash southward toward Durango, is doubling on his tracks slightly northward and westward toward the mountainous region between the states of Chihuahua and Sonora.

The French official report of yesterday was as follows: To the west of the River Meuse yesterday evening German forces, after a violent bombardment, attacked on several different occasions our new positions in the region of Dead Man's hill. The first two assaults having failed completely, the enemy started their third attack with the employment of flaming liquids. Checked by our curtains of fire and the fire of our infantry, the Germans were compelled to return to their lines after having suffered important losses. There has been great activity on the part of the artillery in the region of Avocourt. Some time during the night the enemy endeavored, but without success, to occupy our advanced posts of the Avocourt redoubt. To the east of the River Meuse there has been a fairly spirited bombardment of our first and second lines. In the Forest of Apremont there has been fighting with hand grenades. In Lorraine we have dispersed a strong reconnoitering band of the enemy which was endeavoring to occupy one of our smaller positions to the east of the Neuviller. This morning a German aeroplane threw down six bombs on Dunkirk. One woman was killed and three men were wounded. The material damages were insignificant.

The naval appropriation bill for the fiscal year 1917, framed by a House sub-committee and submitted to the committee Monday carries $217,652,174, against $149,656,865 appropriated for the current fiscal year. This is on the basis of the Navy Department's proposed building program for 1917. That program calls for two battleships, two battle cruisers, three scout cruisers, fifteen destroyers, thirty submarines, two gunboats, one hospital ship and one fuel-oil ship. These would cost $85,372,127, against $45,053,801 for this year. For aviation the bill carries $2,000,000, and, in addition, $85,000 for the naval advisory committee for aeronautics. The naval militia is given $387,737, instead of $250,000, as at present. In personnel the bill provides for 13,500 additional men. For naval auxiliaries $950,000 is allowed, an increase of $150,000. New items for nearly $5,000,000 for rserve ammunition are included. A $3,500,000 dry dock at Norfolk and another like it at Philadelphia for battleship construction is proposed by the sub-committee, which recommended appropriations of $500,000 for each place to begin construction.

Another contingent of Russian troops arrived at Marseilles, France yesterday. The Russians were received with all military honors and debarked amid enthusiastic cheers. The contingent arrived at ten o'clock this morning, its coming being greeted by the flying of flags and blowing of whistles from the craft of many nations in the harbor and by a large crowd massed on the quay, which was especially prepared for the arrival of the troops, all merchandise having been removed. A regiment of Hussars provided a military guard of honor. General Minissier, the governor of Marseilles, accompanied by his staff, welcomed the commander of the Russian force. The Russian troops assembled on the decks replied to the greetings from the shore and harbor with hearty cheers. The debarkation was immediately begun, the crowd continually manifesting its enthusiasm.

Naval officers at San Diego, Cal., expressed gratification yesterday over records made by vessels of the Pacific fleet at elementary and battle practice this year. In the recent tryouts the Maryland scored sixteen hits out of seventeen shots and the Cleveland fifteen out of sixteen shots. In battle practice the Cleveland made thirty-two hits in forty shots. In torpedo practice off San Pedro the destroyer Stewart scored two hits in as many shots while steaming at a speed of twenty knots, range 3,500 to 4,000 yards. Other vessels of the flotilla also made good averages. The Stewart made a perfect score at both night and day torpedo practice, and probably will be awarded the trophy pennant for 1915-16, according to naval officers.

The United States Steel corporation yesterday afternoon declared its regular quarterly dividend of 1 1-4 per cent on its common stock and 1 3-4 per cent on preferred. The total earnings of the corporation for the quarter ended March 31 last were $60,713,624, according to the quarterly report. This breaks all records of previous earnings, comparing with earnings for the quarter ended December 31, 1915, of $51,232,788, the previous high record. The net income for the quarter ended March 31 was $51,218,559 and the surplus $32,854,172. These figures compare with net income of

$40,853,113 and surplus of $23,300,692 at the end of the previous quarter.

President Yuan Shi Kai, in a mandate just issued, admits that his full control of the administration has caused dissatisfaction among the Chinese people and authorizes a secretary of state. Hsu Shih Shang, to organize a responsible cabinet. It is intended, says the mandate, "as a beginning of administrative reform." President Yuan says he hopes "the members of the government will work to remove the difficulties of the day."
